9 Plaintiff(s),

10 v.

11 TK ELEVATOR CORPORATION,  
12 Defendant(s).

Case No. 2:21-cv-01696-JAD-NJK

**Order**

[Docket Nos. 9, 10]

13 Pending before the Court is the parties' proposed discovery plan. Docket No. 10.

14 The discovery plan suffers from a number of deficiencies. First, the discovery plan seeks  
15 an extended discovery period because "Plaintiff's worker's compensation claim is still open as he  
16 continues to treat for his injuries." *Id.* at 3. The Court requires further elaboration as to how the  
17 pendency of the worker's compensation process is expected to delay discovery in this case.  
18 Second, the discovery plan also provides a date by which Plaintiff "anticipate[s]" providing initial  
19 disclosures. *See* Docket No. 10 at 2. A discovery plan must provide proposed deadlines rather  
20 than aspirational timelines. Third, the discovery plan also fails to provide the certifications  
21 required by the local rules. *See* Local Rule 26-1(b)(7), 26-1(b)(8), and 26-1(b)(9). Fourth, the  
22 discovery plan fails to provide a signature block for judicial approval as is required. *See* Local  
23 Rule 26-1(b)(10).

24 Accordingly, the proposed discovery plan is **DENIED** without prejudice and an amended  
25 discovery plan must be filed by December 17, 2021.

26 In addition, the Court issued an order to show causing out of the failure to file a discovery  
27 plan, Docket No. 9, which is hereby **DISCHARGED**. The parties and counsel are cautioned,  
28

1 however, that they must strictly comply with all deadlines, orders, and local rules moving forward.

2 **Failure to do so may result in the imposition of sanctions.**

3 IT IS SO ORDERED.
